PROJECTS

Portfolio Website

- Led the frontend development using HTML, CSS, and JavaScript. Basically represent my educational journey

Authentication page

- Independently created a Client & User login platform, managing both frontend and backend development. Ensured seamless user experience with secure login and logout operations.

Booking Vehicle for Schooling children's | (On Going...)

- The main purpose of this website is that it will pick up and drop your child from your home to school. The School charges bus services even the children's schools remain closed, if you use the my services the school remains close for 7 day & more continuously than this conditions you don't have to pay any bus services charge for the holidays.
